

**December 11, 2009**

The GLP Bargaining Committee met in the Lower Mainland in early December to continue preparations for our next round of collective bargaining.

We devoted two days to training and team building, and conducted a preliminary review of members' ideas and feedback to identify key bargaining issues.

We want to thank all of our members who took the time to fill out the bargaining survey and attend membership meetings in October. We had a very strong response to the bargaining survey and the results provide us with invaluable information and direction.

We will be meeting again to produce a draft package of bargaining proposals, which will be distributed to all Government Licensed Professionals for your review and comments. Please watch for this opportunity in early January.

We plan to meet with the employer in early February to commence negotiations.
